Describe the look and feel you want for your website. How do you want visitors to feel when they land on it? *

e.g. Clean and minimal, Bold and confident, Warm and approachable, Premium and corporate, Playful and creative

HiTop I want my website to have a modern, elegant, and premium look that reflects the quality of the work we deliver. The design should be clean, visually appealing, and easy to navigate, with high quality images of our completed projects and a professional color palette that inspires confidence.

When visitors land on the website, they should immediately feel impressed, confident, and inspired. They should clearly understand that HiTopsHOME INTERIOR is a trusted company for custom kitchen cabinets, wardrobes, doors, and interior solutions, and feel encouraged to contact us for a consultation or request a quote.HOME

Share 1–3 websites you like the look of (from any industry — doesn't have to be your niche)

Just paste the URLs. We use these as style references only — we won't copy them.

I like the look and feel of these websites because they are modern, clean, visually engaging, and easy to navigate:

IKEA (www.ikea.com) – I like the clean layout, high quality product photography, and simple navigation.

Apple (www.apple.com) – I admire the minimalist design, premium appearance, and elegant presentation.

Häcker Kitchens (www.haecker-kuechen.com) – I like the luxurious kitchen designs, Hardcore HDF DOOR, French Door, professional imagery, and sophisticated user experience, which align with the type of brand I want HiTOP HOME INTERIOR to represent.

Your Website Content

What are the main services or products you want featured on this website? *

List each one with a brief description. If you sell products, list your main categories.

The main services and products I want featured on the website include:

Goals & Final Notes

What is the single most important thing your website should do for you? *

e.g. Get enquiries from new clients, Show my portfolio to potential employers, Make me look more professional when pitching

The single most important goal of my website is to generate high quality leads and convert visitors into paying clients. I want it to showcase our expertise, build trust through our portfolio and client testimonials, and make it easy for potential customers to request a quote, book a consultation, or contact us directly through WhatsApp or phone.

Who are your main competitors? (Optional — share their names or website links)

We use this to understand your market positioning and make sure your site stands out.

Some of the companies I consider competitors in the interior design and custom furniture industry include:

- Livspace (www.livspace.com)
- Häcker Kitchens (www.haecker-kuechen.com)
- Arclinea (www.arclinea.com)
- Local Nigerian interior design and furniture companies that specialize in custom kitchen cabinets, wardrobes, doors, and bespoke interior solutions.

While these companies offer quality products and services, HiTop HOME INTERIOR stands out by providing personalized designs, quality craftsmanship, competitive pricing, and professional installation tailored to each client's needs.

Is there anything specific you absolutely want on the website that we haven't asked about?

Is there anything you absolutely do NOT want on the website?

e.g. No bright colors, don't use photos of me, don't include pricing, etc.
